**Effect of the Circus.**  
After all, civilization is sometimes a bore. The circus carries us back to the freedom of the great beginning. Wherefore even psychologists forget their troubles in such days and become for the moment grown-up children like the rest of us, responsive to the wild blood of their remote progenitors.—Baltimore Sun.

**Use for Electric Fan in Closet.**  
An electric fan has not fulfilled all its obligations when it has cooled your house. Set it revolving in a dark, airless closet; it will bring in its wake ventilation, if the door is left open during the process. In addition it will dispossess the moths.
